Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 11 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain gradually clearing southwards overnight. Largely sunny on Tuesday.

This Evening and Tonight:
Remaining wet this evening and to start the night, before the rain clears south by dawn. Winds will ease and it will turn cold and frosty under clearing skies with a risk of ice for some by morning. Minimum temperature -5 deg C (23 deg F).

Tuesday:
A cold and frosty start for most with icy conditions for some. Clear and dry all day with plenty of sunshine before clouding over after dark. Maximum temperature 5 deg C (41 deg F).

Outlook for Wednesday to Friday:
Heavy rain throughout Wednesday with some hill snow. Sunny spells and scattered showers on Thursday after a drizzly start, then mostly dry but cloudy on Friday. Cold with overnight frosts.
